

## Conference Organisation

### General Chair

Klaus Pohl, *University of Duisburg-Essen, Germany*

### Programme Co-Chairs

Daniel Berry, *University of Waterloo, Canada*

Xavier Franch, *Technical University of Catalunya, Spain*

### Workshop Chair

Martin Glinz, *University of Zürich, Switzerland*

### Doctoral Symposium Co-Chairs

Vincenzo Gervasi, *Università di Pisa, Italy*

Barbara Paech, *University of Heidelberg, Germany*

### Organisational Chair

Vanessa Stricker, *University of Duisburg-Essen, Germany*

### Empirical Studies Co-Chairs

Jörg Dörr, *Fraunhofer-IESE, Germany*

Nazim H. Madhavji, *University of Western Ontario*

Brian Berenbach, *Siemens Corporation, USA*

## **Programme Committee**

Ian Alexander, *Scenarioplus, UK*

Aybüke Aurum, *University New South Wales, Australia*

Jürgen Börstler, *University of Umeå, Sweden*

Sjaak Brinkkemper, *Utrecht University, Netherlands*

David Callele, *University of Saskatchewan, Canada*

Alan Davis, *University of Colorado at Colorado Springs, USA*

Jörg Dörr, *Fraunhofer-IESE, Germany*

Eric Dubois, *CRP Henri Tudor, Luxembourg*

Christof Ebert, *Vector, Germany*

Anthony Finkelstein, *University College London*

Samuel Fricker, *Blekinge Institute of Technology, Sweden*

Vincenzo Gervasi, *Università di Pisa, Italy*

Martin Glinz, *University of Zürich, Switzerland*

Jaap Gordjin, *Vrije Universiteit Amsterdam, Netherland*

Tony Gorschek, *Blekinge Institute of Technology, Sweden*

Olly Gotel, *Independent Researcher, New York City, USA*

Paul Grünbacher, *University of Linz, Austria*

Peter Haumer, *IBM Rational, USA*

Patrick Heymans, *University of Namur, Belgium*

Matthias Jarke, *RWTH Aachen, Germany*

Sara Jones, *City University, London, UK*

Natalia Juristo, *Universidad Politécnica de Madrid, Spain*

Erik Kamsties, *Univ. of Applied Sciences Dortmund, Germany*

Kim Lauenroth, *University of Duisburg-Essen, Germany*

Søren Lauesen, *IT-University of Copenhagen, Denmark*

Seok-Won Lee, *University of North Carolina at Charlotte, USA*

Pericles Locopoulos, *Loughborough University, UK*

Nazim H. Madhavji, *University of Western Ontario, Canada*

Raimundas Matulevičius, *University of Tartu, Estonia*

Luisa Mich, *Universita di Trento, Italy*

Ana Moreira, *Universidade Nova de Lisboa, Portugal*

Haris Mouratidis, *University of East London, UK*

John Mylopoulos, *University of Toronto, Canada*

Cornelius Ncube, *Bournemouth University, UK*

Andreas Opdahl, *University of Bergen, Norway*

Barbara Paech, *University of Heidelberg, Germany*

Oscar Pastor, *Valencia University of Technology, Spain*

Gilles Perrouin, *University of Luxembourg*

Anne Persson, *University of Skövde, Sweden*

Jolita Ralyté, *University of Geneva, Switzerland*

Gil Regev, *EPFL and Itecor, Switzerland*

Björn Regnell, *Lund University, Sweden*

Colette Rolland, *University of PARIS-1 Panthéon Sorbonne, France*

Camille Salinesi, *Université Paris 1 – Panthéon Sorbonne, France*

Kristian Sandahl, *Linköping University, Sweden*

Peter Sawyer, *Lancaster University, UK*

Kurt Schneider, *University of Hanover, Germany*

Norbert Seyff, *University of Zurich, Switzerland*

Guttorm Sindre, *NTNU, Norway*

Janis Stirna, *Royal Institute of Technology, Sweden*

Davor Svetinovic, *Masdar Institute of Science and Technology, Abu Dhabi*

Roel Wieringa, *University of Twente, Netherlands*

Eric Yu, *University of Toronto, Canada*

Konstantinos Zachos, *City University, London, UK*

Anderas Zisman, *City University, London, UK*

## **Empirical Fair PC members**

Joy Beatty, *SEI Level Company, Texas, USA*

Jeff Carver, *University of Alabama, USA*

Daniela Damian, *University of Victoria, Canada*

Remo Ferrari, *University of Western Ontario, Canada*

Samuel Fricker, *Blekinge Institute of Technology, Sweden*

Thomas Gehrke, *Siemens Rail Automation, Braunschweig, Germany*

Martin Herget, *Siemens Corporate Technology, Erlangen, Germany*

Barbara Paech, *University of Heidelberg, Germany*

Bjorn Regnell, *Lund University, Sweden*

Karen Smiley, *ABB Corporation, North Carolina, USA*

Roel J. Wieringa, *University of Twente, Netherlands*
