

Refs **Q**'08

International Working Conference on
Requirements Engineering:
Foundation for Software Quality

Montpellier, France
16 - 17 June, 2008

Conference Organisation

Programme Co-Chairs

Colette Rolland,

Université Paris 1 Panthéon Sorbonne, France

Barbara Paech

University of Heidelberg, Germany

Organisational Co-Chairs

Patrick Heymans

University of Namur, Belgium

Anne Persson

University of Skövde, Sweden

Advisory Board

Klaus Pohl

University of Duisburg-Essen, Germany & LERO, Ireland

Andreas Opdahl

University of Bergen, Norway

Éric Dubois

CRP Henri Tudor, Luxemburg

Programme Committee

Ian Alexander

Scenario Plus, UK

Thomas Alspaugh
University of California Irvine, USA

Aybüke Aurum
University New South Wales, Australia

Claude Baron
Université de Toulouse, France

Daniel M. Berry
University of Waterloo, Canada

Jürgen Börstler
University of Umeå, Sweden

Sjaak Brinkkemper
Utrecht University, Netherlands

Pierre-Jean Charrel
University of Toulouse 2 Mirail - GRIMM, France

Lawrence Chung
University of Texas, USA

Alan Davis
University of Colorado at Colorado Springs, USA

Éric Dubois
CRP Henri Tudor, Luxembourg

Christof Ebert
Vector, Germany

Gauthier Fanmuy
PSA Peugeot Citroën, France

Anthony Finkelstein
University College London, UK

Vincenzo Gervasi
Università di Pisa, Italy

Jean-Pierre Giraudin
Université de Grenoble, France

Martin Glinz
University of Zurich, Switzerland

Michael Goedicke
University of Duisburg-Essen, Germany

Jaap Gordijn
Vrije Universiteit Amsterdam, Netherlands

Tony Gorschek
Blekinge Institute of Technology, Sweden

Andrea Herrmann
University of Heidelberg, Germany

Ann Hickey
University of Colorado at Colorado Springs, USA

Jane Huang
DePaul University, USA

Matthias Jarke
RWTH Aachen, Germany

Marina Jirotko
Center for Requirements and Foundations, Oxford University, UK

Sara Jones
City University, London, UK

Natalia Juristo
Universidad Politécnica de Madrid, Spain

Erik Kamsties
University of Applied Sciences Luebeck, Germany

John Krogstie
IDI, NTNU and SINTEF, Norway

Régine Laleau
Université Paris 12, France

Søren Lauesen
IT-University of Copenhagen, Denmark

Julio Leite
PUC, Rio, Brazil

Michel Lemoine
ONERA, France

Lin Liu
Tsinghua University, China

Peri Loucopoulos
School of informatics, University of Manchester, UK

Nazim H. Madhavji
University of Western Ontario, Canada

Neil Maiden
City University, London, UK

Raimundas Matulevičius
Computer Science Department, University of Namur, Belgium

Daniel M. Moody
Department of Information Systems, University of Twente, Netherlands

Johan Natt och Dag
Obigo AB, Sweden

Cornelius Ncube
Bournemouth University, UK

Bashar Nuseibeh
Open University, UK

Antoni Olive
Technical University of Catalonia, Spain

Andreas Opdahl
University of Bergen, Norway

Klaus Pohl
University of Essen, Germany

Colin Potts
GATECH, USA

Naveen Prakash
JIIT, India

Jolita Ralyté
Université de Genève, Switzerland

Bala Ramesh
Georgia State University, USA

Lucia Rapanotti
Open University, UK

Björn Regnell
Lund University, Sweden

Matti Rossi
Helsinki School of Economics, Finland

Alessandra Russo
Imperial College, UK

Camille Salinesi
Université Paris 1 - Panthéon Sorbonne, France

Kristian Sandahl
Linköping University, Sweden

Peter Sawyer
Lancaster University, UK

Kurt Schneider
University of Hanover, Germany

Andres Silva
Universidad Politécnica de Madrid, Spain

Guttorm Sindre
Norwegian University of Science and Technology, Norway

Ian Sommerville
St Andrews University, UK

Janis Stirna
Jönköping University, Sweden

Roel Wieringa
University of Twente, Netherlands

Claes Wohlin
Blekinge Institute of Technology, Sweden

Eric Yu
University of Toronto, Canada

Didar Zowghi
University of Technology Sydney, Australia
